I. Introduction to the Request for Proposals (RFP)

The Tulare County Association of Governments (TCAG), as the Metropolitan Planning Organization (MPO) and the Regional Transportation Planning Agency (RTPA) for Tulare County, is requesting proposals from qualified consultants for the preparation of the Tulare County Equity-Based Zero Emission Regional Transportation Study (TC-EBZERTS). The objective of this RFP is to select a qualified consultant to enter into an agreement to perform the work described below. A joint venture of firms or a single firm for all or part of the tasks described is acceptable to accomplish the anticipated Scope of Services outlined in Attachment A.

Tulare County is located within the San Joaquin Valley, a globally significant agricultural region, and encompasses roughly 4,800 square miles in central California. The valley floor covers the western third of the county, with the Sierra foothills in the central third, and the Sierra Nevada mountains spanning the westernmost third of the county. Tulare County is home to approximately 480,000 residents.

Despite its global significance to agriculture, the county faces significant challenges related to poverty, air quality, environmental health, and climate resilience. The county suffers from some of the unhealthiest air quality in the nation and low-income residents disproportionately pay the price in the form of high incidence of asthma, cardiovascular disease, and low birth weight.

Due to the geographically dispersed nature of agriculture, its reliance on heavy-duty diesel trucks and equipment, the county's low population density, and high level of vehicles miles traveled (VMT), Tulare County faces difficulties implementing key state environmental mandates such as those established for zero-emission vehicles. However, given the severe air quality concerns and the vulnerability of a large share of its population to the impacts of climate change, the need for zero-emissions technologies is proving to be a critical component of long-term strategies to dramatically improve the air quality and help decelerate the rate of climate change.

TCAG therefore places a high priority on the completion of the Tulare County Equity-Based Zero Emission Transportation Study (TC-EBZERTS) that will establish a Zero-Emission Transition Technical Advisory Group, take inventory of existing zero-emission charging & fueling assets, describe barriers to ZEV adoption, identify suitable sites for EV charging and hydrogen fueling in the county, and make recommendations regarding the appropriate zero-emission technologies for a variety of public agency fleets and their respective duty cycles.

On July 9, 2024, TCAG was awarded a Caltrans Sustainable Communities planning grant for development of the study. At the request of Caltrans, the scope of work has been modified to add a 2035 Funding Strategy to accelerate the ZEV transition. The resulting document is intended to provide a general blueprint for building out the necessary infrastructure to support unrestricted zero-emission operations throughout Tulare County and an incremental strategy for promoting widespread adoption of ZEVs locally by 2035.

Attachment A – Scope of Services

Task 1: Creation of a technical advisory group

The development of an equitable and actionable plan for the zero-emission transportation transition in Tulare County will require input from a wide range of businesses, government agencies, labor groups, and community organizations. The successful consultant will engage local utility companies, public agencies such as the San Joaquin Valley Air Pollution Control District (SJVAPCD) and the California Energy Commission (CEC), as well as advocacy groups such as Calstart.

A Zero Emission Technical Advisory Committee (ZETAC) will be established consisting of local agency staff such as the public works directors from each of TCAG’s member agencies which include the City of Dinuba, City of Visalia, City of Woodlake, City of Farmersville, City of Exeter, City of Tulare, City of Lindsay, City of Porterville, Tulare County Resource Management Agency and the Tule River Indian Reservation.

Agency staff, advocacy groups, local energy providers and other stakeholders will be invited to discuss the region’s overall adoption rates, grid capacity, charging infrastructure, barriers for disadvantaged communities, policies, programs, and incentives designed to ensure a smooth transition to zero emission vehicle (ZEV) technology and to maintain an economic competitive advantage for the region. Potential technical participant groups include:

- **San Joaquin Valley Air Quality Pollution District**
- **Tulare County Public Health**
- **Self-Help Enterprises**
- **California Air Resources Board**
- **Tulare County Regional Transit Agency**
- **California Energy Commission**
- **Tulare County Resource Management Agency**
- **Calstart**
- **Socal Edison (SCE)**
- **Calvans**
- **Pacific Gas and Electric (PG&E)**
- **Cities of Dinuba, Exeter, Farmersville, Lindsay, Porterville, Tulare, Visalia, and Woodlake**
- **Other relevant organizations as the committee sees fit**

Task 1 Deliverables
Regular meeting dates & agenda set with a diverse set of stakeholders

Task 2: Existing Conditions

The consultant, overseen by TCAG, will gather and collect technical information from local electric utility providers to determine base year electricity consumption. An inventory of existing public and privately-owned, publicly accessible ZEV charging and fueling facilities will be developed. Estimates will be produced of the adoption rate of ZEVs in Tulare County at the time of the study. The overall adoption rate for all vehicles should be noted, as well as the adoption rates for both public and private vehicle fleets.

Task 2 Deliverables
Summary of base year energy consumption in Tulare County.
Estimate of current adoption rate of ZEVs in Tulare County.

Task 3: Grid Capacity Analysis

An analysis of the local electricity grid transmission and generation capacity will be completed. Areas in Tulare County that have electrical capacity constraints that might hinder the widespread adoption or restrict the operation of electric vehicles will be identified. Potential improvements to eliminate these constraints or provide on-site power for EV charging facilities will be proposed.

Task 3 Deliverables
Analysis of Electrical Grid Capacity
Recommendations for Increasing Local Electrical Capacity & Reliability

Task 4: Site Locations for Tulare County Communities

Strategic sites for EV charging throughout Tulare County will be identified and will include recommendations for SB 535 disadvantaged communities. At least one opportunity site will be identified in each city or Census-designated Place (CDP) with a 2020 US Census population of at least 2,000 persons and the Tule River Reservation. Selected sites will be categorized as Priority I or Priority II based on factors such as site readiness, anticipated demand, and distance to existing publicly accessible EV chargers.

Potential hydrogen resources such as methane digesters and dairy-producing areas will be noted. Hydrogen corridors will be proposed based on proximity to potential hydrogen resources and traffic volumes. Strategic hydrogen fueling locations along these corridors will be identified with special attention to SB 535 disadvantaged communities.

Task 4 Deliverables
Identify strategic EV Charging site locations throughout the Tulare County Region with a special emphasis on disadvantaged and rural areas (Reference Attachment I Locations of Rural & Disadvantaged Communities in Tulare County)
Identify hydrogen corridors and strategic fueling locations throughout the Tulare County Region with a special emphasis on disadvantaged and rural areas (Reference Attachment I Locations of Rural & Disadvantaged Communities in Tulare County)

Task 5: Technology Solutions for each Sector

Current and emerging ZE technologies will be examined and their relative advantages/disadvantages compared. The consultant will work with local Directors of Public Works to catalog each agency’s operational needs and the resources they will require to make the transition to zero-emission vehicles. The suitability of each ZE for use in agriculture and construction will also be studied to anticipate future demand by these sectors. Recommendations will be made regarding the appropriate technology for each use case and fleet type.

The adoption rate of battery-electric vehicles for personal automobiles, goods movement, home delivery, public transit, white fleets, and micromobility in 2035 will be projected and the infrastructure investments necessary to support the reliable operation of the projected number of zero-emission vehicles will be identified.

Task 5 Deliverables
Projection of 2035 ZEV adoption rate
List of projects/improvements needed to support 2035 ZEV deployment
Chart comparing and identifying appropriate ZE technology for various fleet types & use cases

Task 5 Deliverables
Summary statements from public works directors from each member agency listing their energy needs and resources to support a ZE city/jurisdiction

Task 6: Public Outreach

Public workshops will be held to gain a better understanding of the barriers to zero-emission adoption, with a heavy focus on SB 535 disadvantaged communities that are in the very early stages of the transition to zero-emission vehicles. Stakeholder surveys or workshops will consult leaders in the agricultural and goods movement sectors to gauge their readiness and willingness to adopt zero-emission equipment and medium to heavy duty trucks.

During these engagement sessions community members would be asked to perform a mapping exercise to identify areas heavily impacted by truck pollution, such as the communities who live adjacent to warehouses. The mapping exercise would also allow community members to identify popular destinations they access to gain a better understanding of any potential obstacles to using an EV or other ZEV for their commute and other routine trips. In these workshops disadvantaged community members would be provided with information about potential charging stations might be located and have a venue to address concerns such as range anxiety, cost barriers and other challenges.

The overall objective of this task is to survey the public, municipalities, agricultural sector, goods movement sector, and disadvantaged communities to ascertain barriers to ZE adoption and to develop recommended policies, programs, and incentives to overcome those barriers.

Task 6 Deliverables
Workshop mapping exercise and charette style format
Use TCAG's Public Input software to conduct regionwide surveys on ZE adoption
Involve the stakeholder group to help disseminate the survey

Task 7: 2035 Funding Strategy

Upon completing Tasks 1 to 6, the consultant will develop a funding strategy plan to place Tulare County on a path towards achieving California's 2035 Zero Emission Vehicle targets. This funding plan would have a phased approach, starting with low-cost projects that can be quickly implemented and building up to large-scale infrastructure solutions necessary for the Tulare County region to transition to a transportation sector with zero-emissions. Potential sources of funds that can be used to provide incentives for private installation of ZE charging & fueling infrastructure at Tulare County households and workplaces should also be explored. The funding strategy would explore subsidies, incentives, and innovative programs that TCAG could help implement. Deliverables from this task will be presented in a visually appealing and reader-friendly format, offering practical information, and resources to help Tulare County households transition to Zero Emission Vehicle future.

Task 7 Deliverables
Phased- funding strategy plan to help achieve 2035 Zero Emission Transportation Targets for Tulare County households & the Tulare County Region at-large

Task 8: Draft and Final Plan

Develop Draft Reports

Based on the grid capacity analysis, existing conditions, review of prior technical studies, review of prior community feedback, technical advisory committee feedback, and analysis, the consultant will prepare a draft Equity-Based Zero Emissions Regional Transportation Study. The report will be accompanied by a draft request for proposals (RFP), request for qualifications (RFQ) or other bid documents that TCAG can issue to pursue the next phase of analysis and/or action recommended from this study.

TCAG & RMA Review and Comment on Draft Reports

TCAG and RMA staff will review the draft study reports and discuss their findings, concerns, and recommendations with the consultant. The consultant will revise the draft reports based on TCAG and RMA's comments.

Technical Advisory Stakeholder Meeting

The consultant, TCAG and RMA will solicit feedback, respond to any questions and resolve any critical issues from the stakeholder group. Because the proposed project is a Sustainable Communities Technical project, TCAG and the sub-applicant, RMA, will not anticipate releasing the document to the public for comment.

Complete Final Reports

The consultant will revise the reports based on comments from the stakeholder group to produce a final Equity-Based Zero Emissions Regional Transportation Study (accompanied by a final bid document that TCAG & RMA can issue for potential next steps of analysis and/or action.

The financial contribution of the grant program will be credited on the cover of the report.

Submit Final Report to Caltrans

All reports will be submitted to Caltrans as ADA-accessible electronic copies.

Task 8 Deliverables
Draft Equity-Based Zero Emissions Regional Transportation Study (with draft bid document)
Final Equity-Based Zero Emissions Regional Transportation Study (with final bid document)

Task 9: Board Review/Approval

Board Review/Approval

TCAG and sub-applicant RMA will present findings from the Equity-Based Zero Emissions Regional Transportation Study at the TCAG and Tulare County Board of Supervisors Board meetings, resolve any critical issues, and adopt recommendations resulting from the study.

Implementation Next-Steps

After the conclusion of the grant period, TCAG and RMA will take the following implementation next steps:

- Release the bid document to potential consultants
- Pursue funding opportunities to implement recommended strategies for ZEV deployment

Task 9 Deliverables
TCAG & Tulare County Board of Supervisors agenda

PAYMENT DOES NOT IMPLY ACCEPTANCE OF WORK:** CONTRACTOR is not entitled to any payments under this Agreement until TCAG confirms that services provided, including any furnished deliverables, satisfy all of the requirements of this Agreement. Payments to CONTRACTOR by TCAG shall not excuse CONTRACTOR from its obligation to replace unsatisfactory deliverables, including equipment, components, materials, or services even if the unsatisfactory character of such deliverables, equipment, components, materials, or services may not have been apparent or detected at the time such payment was made. Deliverables, equipment, components, materials and services that do not conform to the requirements of this Agreement may be rejected by TCAG and in such case must be replaced by CONTRACTOR without delay and at no cost to the TCAG.
- 3. DISALLOWANCE:** If CONTRACTOR requests or receives payment from TCAG for services hereunder, reimbursement for which is later disallowed by the State of California or United States Government, CONTRACTOR shall promptly refund the disallowed amount to TCAG upon TCAG'S request. At its option, TCAG may offset the amount disallowed from any payment due or to become due to CONTRACTOR under this Agreement or any other Agreement between CONTRACTOR and TCAG. CONTRACTOR'S obligations under this section 2 will survive the expiration or termination of this Agreement.
- 4. LIABILITY OF TCAG:** TCAG'S payment obligations under this Agreement shall be limited to the payment of the compensation provided for in section 3, "PAYMENT FOR SERVICES," of this Agreement. Notwithstanding any other provision of this Agreement, in no event shall TCAG be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect, or incidental damages, including, but not limited to, lost profits, arising out of or in connection with this Agreement or the services performed in connection with this Agreement.
- 5. QUALIFIED PERSONNEL:** CONTRACTOR shall utilize only competent personnel under the supervision of, and in the employment of, CONTRACTOR (or CONTRACTOR'S authorized subcontractors) to perform the services. CONTRACTOR will comply with TCAG'S reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at TCAG'S request, must be supervised by CONTRACTOR. CONTRACTOR shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.
- 6. INDEPENDENT CONTRACTOR STATUS:** The Parties enter into this Agreement with the express understanding that CONTRACTOR will perform all services required under this Agreement as an independent contractor. The Parties agree that CONTRACTOR and any of its agents, employees, or officers cannot be considered agents, employees, or officers of TCAG.

CONTRACTOR agrees to advise everyone it assigns or hires to perform any duty under this Agreement that they are not employees of TCAG. Subject to any performance criteria contained in this Agreement, CONTRACTOR will be solely responsible for determining the means and methods of performing the specified services and TCAG will have no right to control or exercise any supervision over CONTRACTOR as to how CONTRACTOR will perform the services. As CONTRACTOR is not TCAG'S employee, CONTRACTOR is responsible for paying all required state and federal taxes. In particular, TCAG will not:

- (1) Withhold FICA (Social Security) from CONTRACTOR'S payments.

TULARE COUNTY ASSOCIATION OF GOVERNMENTS'
GENERAL AGREEMENT TERMS AND CONDITIONS
(Revised 05/10/2018)

- (2) Make state or federal unemployment insurance contributions on CONTRACTOR'S behalf.
- (3) Withhold state or federal income tax from payments to CONTRACTOR.
- (4) Make disability insurance contributions on behalf of CONTRACTOR.
- (5) Obtain unemployment compensation insurance on behalf of CONTRACTOR.

Notwithstanding this independent contractor relationship, TCAG will have the right to monitor and evaluate the performance of CONTRACTOR to assure compliance with this Agreement.

7. LICENSES AND PERMITS: CONTRACTOR represents and warrants that it possesses and will maintain during the term of this Agreement all licenses and permits required for its performance of the services required under this Agreement.

8. GOVERNING LAW: The laws of the State of California, without reference to California conflict of laws principles, govern this Agreement and its interpretation. The Parties agree that this Agreement is made in and will be performed in Tulare County, California.

9. RECORDS AND AUDIT: CONTRACTOR must maintain complete and accurate records with respect to the services rendered and the costs incurred under this Agreement. In addition, CONTRACTOR must maintain complete and accurate records with respect to any payments to employees or subcontractors. All of the records must be prepared in accordance with generally accepted accounting procedures, must be clearly identified, and must be kept readily accessible. Upon request, CONTRACTOR must make the records available within Tulare County to the Auditor of Tulare County and to his or her agents and representatives, for the purpose of auditing and/or copying the records for a period of five (5) years from the date of final payment under this Agreement. Additional record-keeping requirements may be located in Exhibit F or G (related to federally-funded contracts generally, or FTA-funded contracts specifically).

10. CONFLICT OF INTEREST:

(a) At all times during the performance of this Agreement, CONTRACTOR must comply with the law of the State of California regarding conflicts of interests and appearance of conflicts of interests, including, but not limited to, Government Code Section 1090 *et seq.*, and the Political Reform Act, Government Code Section 81000 *et seq.*, and regulations promulgated by the California Fair Political Practices Commission. The statutes, regulations, and laws previously referenced include, but are not limited to, prohibitions against any public officer or employee, including CONTRACTOR for this purpose, from making any decision on behalf of TCAG in which the officer, employee, or consultant/contractor has a direct or indirect financial interest. A violation can occur if the public officer, employee, or consultant/contractor participates in or influences any TCAG decision that has the potential to confer any pecuniary benefit on CONTRACTOR or any business firm in which CONTRACTOR has an interest, with certain narrow exceptions.

(b) CONTRACTOR agrees that if any facts come to its attention that raise any questions as to the applicability of conflicts of interests laws, then it will immediately inform TCAG and provide all information needed for resolution of this question.

11. INSURANCE: The attached **Exhibit C** outlines the minimum scope, specifications, and limits of insurance required under this Agreement. Additional insured endorsements required as outlined in **Exhibit C** cannot be used to reduce limits available to TCAG as an additional insured from CONTRACTOR'S full policy limits. Insurance policies cannot be used to limit liability or to limit the indemnification provisions and requirements of this Agreement or

TULARE COUNTY ASSOCIATION OF GOVERNMENTS'
GENERAL AGREEMENT TERMS AND CONDITIONS
(Revised 05/10/2018)

act in any way to reduce the policy coverage and limits available from the insurer(s). If CONTRACTOR fails to maintain or renew coverage, or to provide evidence of renewal, then TCAG may consider that failure a material breach of this Agreement. TCAG may also withhold any payment otherwise due to CONTRACTOR for failure to provide evidence of renewal until CONTRACTOR provides such evidence.

12. INDEMNIFICATION AND DEFENSE:

(a) To the fullest extent permitted by law, CONTRACTOR must indemnify, defend (at CONTRACTOR'S sole cost and expense and with legal counsel approved by TCAG, which approval may not be unreasonably withheld), protect and hold harmless TCAG, all subsidiaries, divisions, committee, and affiliated agencies of TCAG, and all of their representatives, partners, designees, officers, directors, employees, consultants, agents, successors, and assigns, (each, an "Indemnified Party" and collectively, the "Indemnified Parties"), from and against all claims (including, without limitation, claims for bodily injury, death or damage to property), demands, obligations, damages, actions, causes of action, suits, losses, judgments, fines, penalties, liabilities, costs, and expenses (including, without limitation, attorneys' fees, disbursements, and court costs, and all other professional expert or consultants' fees and costs and TCAG general and administrative expenses) of every kind and nature whatsoever (individually, a "Claim"; collectively, "Claims") which may arise out of, pertain to, or relate (directly or indirectly) to the negligence, recklessness, or misconduct of CONTRACTOR with respect to any work performed or services provided under this Agreement (including, without limitation, the acts, errors, and/or omissions of CONTRACTOR, its principals, officers, agents, employees, vendors, suppliers, consultants, sub-consultants, contractors, and anyone employed directly or indirectly by any of them, or for whose acts they may be liable, or any or all of them). CONTRACTOR'S obligation to indemnify applies unless it is finally adjudicated that the liability was caused by the sole active negligence or sole willful misconduct of an Indemnified Party. If it is finally adjudicated that liability is caused by the comparative active negligence or willful misconduct of an Indemnified Party, then CONTRACTOR'S indemnification obligation shall be reduced in proportion to the established comparative liability.

(b) The duty to defend is a separate and distinct obligation from CONTRACTOR'S duty to indemnify. CONTRACTOR shall be obligated to defend, in all legal, equitable, administrative, or special proceedings, the Indemnified Parties immediately upon tender to CONTRACTOR of the Claim in any form or at any stage of an action or proceeding, whether or not liability is established. Payment to CONTRACTOR by any Indemnified Party or the payment or advance of defense costs by any Indemnified Party cannot be a condition precedent to enforcing the Indemnified Party's rights to indemnification under this Agreement. An allegation or determination that persons other than CONTRACTOR are responsible for the Claim does not relieve CONTRACTOR from its separate and distinct obligation to defend under this section. The obligation to defend extends through final judgment, including exhaustion of any appeals. The defense obligation includes an obligation to provide independent defense counsel if CONTRACTOR asserts that liability is caused in whole or in part by the negligence or willful misconduct of an Indemnified Party. If it is finally adjudicated that liability was caused by the comparative active negligence or willful misconduct of an Indemnified Party, then CONTRACTOR may submit a claim to the TCAG for reimbursement of reasonable attorneys' fees and defense costs in proportion to the established comparative liability of the Indemnified Party. CONTRACTOR'S indemnification obligations under this Agreement will survive the expiration or earlier termination of this Agreement until action against the Indemnified Parties for the matter indemnified is fully and finally barred by the applicable statute of limitations or statute of repose. CONTRACTOR'S liability for indemnification under this Agreement is in addition to any liability CONTRACTOR may have to TCAG for a breach by CONTRACTOR of any of the provisions of this Agreement. Under no circumstances may the insurance requirements and limits set forth in this Agreement be construed to limit CONTRACTOR'S indemnification obligation or other liability under this Agreement. The terms of this Agreement are contractual and the result of negotiation between the Parties.

**TULARE COUNTY ASSOCIATION OF GOVERNMENTS’
GENERAL AGREEMENT TERMS AND CONDITIONS
(Revised 05/10/2018)**

(c) CONTRACTOR must indemnify and hold TCAG harmless from all loss and liability, including attorneys’ fees, court costs and all other litigation expenses, for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons in consequence of the use by TCAG, or any of its officers or agents, of articles or services to be supplied in the performance of this Agreement.

13. TERMINATION:

(a) **Without Cause:** TCAG may terminate this Agreement without cause by giving thirty (30) days’ prior written notice to CONTRACTOR of its intention to terminate under this provision, specifying the date of termination. TCAG will pay to CONTRACTOR the compensation earned for work satisfactorily performed and not previously paid for to the date of termination. TCAG will not pay lost anticipated profits or other economic loss. The payment of any compensation is subject to the restrictions on payment of compensation otherwise provided in this Agreement, and is conditioned upon receipt from CONTRACTOR of all plans, specifications and estimates, and other documents prepared by CONTRACTOR in accordance with this Agreement. TCAG will not impose sanctions on CONTRACTOR under these circumstances.

(b) **With Cause:** Either Party may terminate this Agreement immediately, by written notice to the other Party, should the other Party:

- (1) Be adjudged a bankrupt, or
- (2) Become insolvent or have a receiver appointed, or
- (3) Make a general assignment for the benefit of creditors, or
- (4) Suffer any judgment that remains unsatisfied for 30 days, and that would substantively impair the ability of the judgment debtor to perform under this Agreement, or
- (5) Materially breach this Agreement.

In addition, TCAG may terminate this Agreement based on:

- (6) Material misrepresentation, either by CONTRACTOR or anyone acting on CONTRACTOR’S behalf, as to any matter related in any way to TCAG’S retention of CONTRACTOR, or
- (7) Other misconduct or circumstances that, in the sole discretion of TCAG, either impairs the ability of CONTRACTOR to competently provide the services under this Agreement, or exposes TCAG to an unreasonable risk of liability.

For any of the occurrences except item (5) above, termination may be effected upon written notice by the terminating Party specifying the date of the termination. If CONTRACTOR fails to perform according to the terms and conditions of this Agreement, then TCAG may, in addition to any other remedy it may have, issue a declaration of default after 10 days’ written notice to CONTRACTOR.

Upon a material breach, the Agreement may be terminated after the failure of the defaulting Party to remedy the breach to the satisfaction of the non-defaulting Party within 5 days of written notice specifying the breach. If the breach is not remedied within that 5-day period, then the non-defaulting Party may terminate this Agreement on further written notice specifying the date of termination. If the nature of the breach is such that it cannot be cured within a 5-day period, then the defaulting Party may submit a written proposal within that period which sets forth a specific means to resolve the default. If the non-defaulting Party consents to that proposal in writing, which consent may not be unreasonably withheld, then the defaulting Party must immediately embark on its plan to

**TULARE COUNTY ASSOCIATION OF GOVERNMENTS’
GENERAL AGREEMENT TERMS AND CONDITIONS
(Revised 05/10/2018)**

cure the default or breach. If the default or breach is not cured within the time agreed, then the non-defaulting Party may terminate this Agreement upon written notice specifying the date of termination.

TCAG will pay to CONTRACTOR the compensation earned for work satisfactorily performed and not previously paid for to the date of termination. The payment of such compensation is subject to the restrictions on payment of compensation otherwise provided in this Agreement, and is conditioned upon receipt from CONTRACTOR of all plans, specifications and estimates, and other documents prepared by CONTRACTOR by the date of termination in accordance with this Agreement. TCAG will not pay lost anticipated profits or other economic loss, nor will TCAG pay compensation or make reimbursement to cure a breach arising out of or resulting from such termination. If TCAG terminates this Agreement for cause and the expense of finishing CONTRACTOR’S scope of work exceeds the unpaid balance of the Agreement, then CONTRACTOR must pay the difference to TCAG. TCAG may impose sanctions under these circumstances, which may include possible rejection of future proposals based on specific causes of CONTRACTOR’S non-performance.

(c) **Effects of Expiration or Termination:** Expiration or termination of this Agreement will not terminate any obligations to indemnify, to maintain and make available any records pertaining to the Agreement, to cooperate with any audit, to be subject to offset, or to make any reports of pre-termination contract activities. Where TCAG terminates CONTRACTOR’S services, that termination will not affect any rights of TCAG to recover damages against CONTRACTOR.

(d) **Suspension of Performance:** Independent of any right to terminate this Agreement, the Executive Director of TCAG may immediately suspend performance by CONTRACTOR, in whole or in part, in response to health, safety or financial emergency, or a failure or refusal by CONTRACTOR to comply with the provisions of this Agreement, until such time as the cause for suspension is resolved, or a notice of termination becomes effective.

14. LOSS OF FUNDING: It is understood and agreed that if TCAG’S funding is either discontinued or reduced for the services to be provided hereunder, then TCAG will have the right to terminate this Agreement under section 13 (a) (“Termination Without Cause”) as of the end of the term for which funds are appropriated. Such termination shall be without penalty, liability, or expense to TCAG of any kind, provided that TCAG shall pay CONTRACTOR in accordance with section 13 (a) for services satisfactorily performed prior to the date of such termination and to the extent funds have been appropriated for such payment.

15. SUBMITTING FALSE CLAIMS; MONETARY PENALTIES: Under applicable federal and state law, if CONTRACTOR submits a false claim to TCAG under this Agreement, then CONTRACTOR will be liable to TCAG for the statutory penalties set forth in those statutes, including but not limited to statutory fines, treble damages, costs, and attorneys’ fees. CONTRACTOR will be deemed to have submitted a false claim to TCAG if CONTRACTOR:

- (a) Knowingly presents or causes to be presented to TCAG a false claim or request for payment or approval;
- (b) Knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by TCAG;
- (c) Conspires to defraud TCAG by getting a false claim allowed or paid by TCAG;
- (d) Knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to TCAG; or

(e) Is a beneficiary of an inadvertent submission of a false claim to TCAG, later discovers the falsity of the claim, and fails to disclose the false claim to TCAG within a reasonable time after discovery of the false claim.

16. FORM DE-542: If CONTRACTOR is an individual, CONTRACTOR acknowledges that this Agreement is subject to filing obligations under Unemployment Insurance Code Section 1088.8. Accordingly, TCAG has an obligation to file a report with the Employment Development Department, which report will include CONTRACTOR'S full name, social security number, address, the date this Agreement was executed, the total amount of the Agreement, its expiration date or whether it is ongoing. CONTRACTOR agrees to cooperate with TCAG to make that information available and to complete Form DE- 542. Failure to provide the required information may, at TCAG'S option, prevent approval of this Agreement, or be grounds for termination by TCAG.

17. WORKS FOR HIRE: CONTRACTOR acknowledges that all work(s) under this Agreement are "work(s) for hire" within the meaning of the United States Copyright Act (Title 17 United States Code) and hereby assigns to TCAG all rights and interests CONTRACTOR may have in the work(s) it prepares under this Agreement, including any right to derivative use of the work(s). All software and related materials developed by CONTRACTOR in performance of this Agreement for TCAG will be the sole property of TCAG, and CONTRACTOR hereby assigns and transfers all its right, title, and interest therein to TCAG. CONTRACTOR will execute all necessary documents to enable TCAG to protect TCAG'S intellectual property rights under this section.

18. WORK PRODUCT: All work product, equipment, or materials created for TCAG or purchased by TCAG under this Agreement belong to TCAG and CONTRACTOR must immediately deliver them to TCAG at TCAG'S request upon termination or completion of this Agreement.

19. TIME OF ESSENCE: The Parties agree that time is of the essence under this Agreement, unless they agree otherwise in writing.

20. CONFIDENTIALITY: CONTRACTOR may not use or disclose any information it receives from TCAG under this Agreement that TCAG has previously identified as confidential or exempt from mandatory public disclosure except as necessary to carry out the purposes of this Agreement or as authorized in advance by TCAG. Unless required to do so by law, including, but not limited to, the Ralph M. Brown Act or the California Public Records Act, TCAG may not disclose to third parties any information it receives from CONTRACTOR that CONTRACTOR has previously identified as confidential. If TCAG determines that it must disclose any information that CONTRACTOR previously identified as confidential, then it shall promptly give CONTRACTOR written notice of its intention to disclose such information and the authority for such disclosure. CONTRACTOR shall have period of five (5) calendar days thereafter within which to seek a protective court order to prevent such disclosure or to notify TCAG that it will not seek such an order. TCAG shall cooperate with CONTRACTOR in any efforts to seek such a court order. TCAG shall not disclose the information until the five (5) day period has expired without a response from CONTRACTOR, or CONTRACTOR has notified TCAG that it will not seek such an order, or CONTRACTOR has sought and a court has declined to issue a protective order for such information. If CONTRACTOR seeks a protective order for such information, CONTRACTOR shall defend and indemnify TCAG from any and all loss, injury, or claim arising from TCAG'S withholding of the information from the requestor. This includes any attorney's fees awarded to the requestor. The duty of TCAG and CONTRACTOR to maintain confidentiality of information under this section continues beyond the term of this Agreement.

21. ASSIGNMENT/SUBCONTRACTING: Unless otherwise provided in this Agreement, TCAG is relying on the personal skill, expertise, training and experience of CONTRACTOR and CONTRACTOR'S employees and no part of this

**TULARE COUNTY ASSOCIATION OF GOVERNMENTS’
GENERAL AGREEMENT TERMS AND CONDITIONS
(Revised 05/10/2018)**

Agreement may be assigned or subcontracted by CONTRACTOR without the prior written consent of TCAG, which consent TCAG may grant, delay, deny, or condition in its absolute discretion.

22. DISPUTES AND DISPUTE RESOLUTION: CONTRACTOR shall continue with its responsibilities under this Agreement during any dispute. If a dispute arises out of or relating to this Agreement, or the breach of the Agreement, and if the dispute cannot be settled through negotiation, then the Parties agree first to try in good faith to settle the dispute by non-binding mediation, to be held in Tulare County, California, before resorting to litigation or some other dispute resolution procedure, unless the Parties mutually agree otherwise. The Parties must mutually select the mediator, but in case of disagreement, then the Parties will select the mediator by lot from among two nominations provided by each Party. The Parties will split equally all costs and fees required by the mediator; otherwise each Party will bear its own costs of mediation. If mediation fails to resolve the dispute within 30 days, then either Party may pursue litigation to resolve the dispute.

23. PROPERTY TAXES: Under the terms of California Revenue and Taxation Code section 107.6 (possessory interest tax), CONTRACTOR’S possession or use of any TCAG-owned real property under this Agreement may create a “possessory interest” in the real property. If a possessory interest is created, then it may be subject to property taxation and CONTRACTOR may be subject to the payment of property taxes on that possessory interest.

24. FURTHER ASSURANCES: Each Party will execute any additional documents and perform any further acts that may be reasonably required to effect the purposes of this Agreement.

25. CONSTRUCTION: This Agreement reflects the contributions of all Parties and so the provisions of Civil Code section 1654 will not apply to address and interpret any alleged uncertainty or ambiguity.

26. HEADINGS: Section headings are provided for organizational purposes only and do not in any manner affect the scope, meaning, or intent of the provisions under the headings.

27. NO THIRD-PARTY BENEFICIARIES INTENDED: Unless specifically set forth, the Parties to this Agreement do not intend to provide any other party with any benefit or enforceable legal or equitable right or remedy.

28. WAIVERS: The failure of either Party to insist on strict compliance with any provision of this Agreement will not be considered a waiver of any right to do so, whether for that breach or any later breach. The acceptance by either Party of either performance or payment will not be considered a waiver of any preceding breach of the Agreement by the other Party.

29. ORDER OF PRECEDENCE: In the event of any conflict or inconsistency between or among the body of the Agreement (which includes these “General Agreement Terms and Conditions”) and any Exhibit, Schedule, or Attachment, then the terms and conditions of the body of the Agreement shall prevail.

30. CONFLICT WITH LAWS OR REGULATIONS/ SEVERABILITY: This Agreement is subject to all applicable laws and regulations. If any provision of this Agreement is found by any court or other legal authority, or is agreed by the Parties to be, in conflict with any code or regulation governing its subject matter, only the conflicting provision will be considered null and void. If the effect of nullifying any conflicting provision is such that a material benefit of the Agreement to either Party is lost, then the Agreement may be terminated at the option of the affected Party. In all other cases, the remainder of the Agreement will continue in full force and effect.

**TULARE COUNTY ASSOCIATION OF GOVERNMENTS’
GENERAL AGREEMENT TERMS AND CONDITIONS
(Revised 05/10/2018)**

31. ENTIRE AGREEMENT: This Agreement represents the entire agreement between CONTRACTOR and TCAG as to its subject matter and no prior oral or written understanding will be of any force or effect. No part of this Agreement may be modified without the written consent of both Parties.

32. ASSURANCES OF NON-DISCRIMINATION: CONTRACTOR must not discriminate in employment or in the provision of services based any characteristic or condition upon which discrimination is prohibited by state or federal law or regulation. The Parties recognize that both CONTRACTOR and TCAG have the responsibility to protect TCAG employees and clients from unlawful activities, including discrimination and sexual harassment in the workplace. Accordingly, CONTRACTOR agrees to provide appropriate training to its employees regarding discrimination and sexual harassment issues, and to promptly and appropriately investigate any allegations that any of its employees may have engaged in improper discrimination or harassment activities. TCAG, in its sole discretion, has the right to require CONTRACTOR to replace any employee who provides services of any kind to TCAG under this Agreement with other employees where TCAG is concerned that its employees or clients may have been or may be the subjects of discrimination or harassment by such employees. TCAG’S right to require replacement of employees under this section does not preclude TCAG from terminating this Agreement with or without cause as provided for under this Agreement. Additional nondiscrimination requirements may be located in Exhibit F or G (related to federally-funded contracts generally, or FTA-funded contracts specifically).

33. DRUG-FREE WORKPLACE POLICY: CONTRACTOR acknowledges that under the Federal Drug-Free Workplace Act of 1989 and the California Drug-Free Workplace Act of 1990, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited on TCAG premises. CONTRACTOR agrees that any violation of this prohibition by CONTRACTOR, its employees, agents, or assigns will be deemed a material breach of this Agreement.

34. RECYCLED PAPER CONTENT: To the extent CONTRACTOR’S services under this Agreement include printing services, pursuant to Public Contract Code section 22153, CONTRACTOR shall use paper that meets the recycled content requirements of Public Contract Code section 12209.
